PRODUCT DATA SHEET

<u>STOW-N-LOK</u> <u>P/N 1005</u>S

Stow-N-Loks combine a friction lock action with the security of a positive locking strap. The flexible Y-shaped brackets are designed to provide a secure grip-like mount for poles, nozzles and a wide variety of other tools and equipment. These brackets can be used with or without the strap.

FEATURES

- The strap is easily adjusted for various work holding conditions and sizes
- Standard body to accommodate rakes and other largehead tools
- Short body for close mounting and space saving
- Rugged injection molded components made from high quality materials
- Weather, UV resistant
- Non-conductive

.

- Can be mounted horizontally or vertically
- Stainless Steel Fasteners provided
- Mounts to PAC tool boards and other flat surfaces
- Strap available in Yellow, Black and Orange

EQUIPMENT

Various Rounds: 1"- 1-1/2" Diameter Rectangular: N/A Irregular Up to 1-1/2" wide.

PROPERTIES

2.75 [69.9] "X" axis
1.88 [47.6]
3.21 [81.6] APPROX.

TYPICAL SPECIFICATION

Mounting bracket shall be PAC PN 1005S. Bracket shall be made from tough, corrosion free material. Strap shall be available in 3 colors with adjustable end and lock points. Hardware shall be stainless steel. Users shall be protected from conductivity.

Combining a friction lock action with the security of a positive locking strap, the flexible Y-shaped brackets are designed to provide a secure grip-like mount for poles, nozzles and a wide variety of other tools and equipment. These brackets can be used with or without the strap. The strap is easily adjusted for various work-holding conditions and sizes. Each kit includes 1 PAIR of our useful STOW-N-LOK brackets.

- Molded from high quality materials
- Weather, UV resistant
- Non-conductive
- · Can be mounted horizontally or vertically
