## THE CUSTOM LABEL ORDER PROCESS

While custom labels are available on many TFT products, some labels may not have the appropriate available area to allow for custom artwork. Please contact TFT Order Entry for verification before placing an order.

What happens after verification is received?

1. TFT Dealer places an order for TFT products with custom label artwork per the policy and pricing. The dealer MUST submit the completed CUSTOM LABEL REQUEST FORM and, if a graphic is requested, SUITABLE GRAPHIC FILE (see page 2 for requirements) at the time of order.
2. TFT will create a proof for approval. The customer will return the proof, via email, with an approval signature or notation for correction.
3. Upon final approval, the TFT manufacturing team will create custom labels for the products during the manufacturing process.
